### BRADSHAW AND HAZEN AN OLD DEPARTMENT FEUD BREAKS OUT AGAIN.

**Some Stamps that were Missing—A Report was Withdrawn—Charges and Counter-charges—A Few Indirect References—Washington Affairs.**

**WASHINGTON, Dec. 26.—The Star says that Mr. Moses Bradshaw, the private secretary of ex-Representative Robeson, of New Jersey, who was private secretary of Judge Graham, who was postmaster general, intends, it is said to renew the fight against Third Assistant Postmaster General Hazen, which he began when he was in the department.**

Mr. Bradshaw was appointed chief of the stamp division, when Mr. Graham was removed by Judge Graham, because a member of the committee that counted the defective sheets of postage stamps sent to the department or distribution, stole a quantity of them, and Bradshaw, as postmaster of Washington, had to make up the loss.

When the stamp division was made up,

A few months afterward, while Mr. Hatton was postmaster general, Mr. Bradshaw was removed on the ground that he withheld a report from the knowledge of the postmaster general. Bradshaw did not have the charge at the time, and maintained that his removal was due to Third Assistant Postmaster General Hazen, who, he said, was afraid of the information which Bradshaw had in his power.

It is now stated that Mr. Bradshaw intends to bring to the attention of the New Jersey delegation in congress, with the view of securing a hearing, what he claims have reference to Hazen and the management of his office.

It is expected that Mr. Bradshaw,

who is now a United States circuit court judge, will be an important witness in the investigation if it should be had.

#### Sense.

**WASHINGTON, Dec. 26.—It is feared that the publication of the German Minister's report on the American department, with its discreet references to Germany's hatred of American ideas, will rouse our relations with Germany more strained than they have been. It will probably lead to Mr. Bradshaw's recall. Mr. Bradshaw is a "Forty-eighter," or one of those that came to leave Germany on account of being connected with the revolution of 1848. On the occasion he would not have been received in Germany, as he appears to be a confirmed Radical.**

**In view of the fact that during the Franco-Prussian war his sympathies were with his own people, he visited the Fatherland and rendered great service to the Prussian soldiers, for whom the government gave him a pension at Berlin, and, when recalled, was received at Baltimore, where he was received by society much more favorably than he could possibly have been if he had remained in Germany.**

The view of those that think he has taken a German affair.

#### Mr. Astor.

**NEW YORK, Dec. 26.—United States Sub-Treasury Acton said to-day: "We do not anticipate any further calls for shipments of gold coins. Europe, at least until after the new year, I think, will not demand a large amount of discount of the Bank of England.**

**May have something to do with the price of gold, but I am not sure. We have had a good deal of gold by the Adriatic, said: "We have no further orders for shipments of gold, either gold or silver. I do not know the order for \$500,000 means any more than that the advanced sum of the Bank of England, and the advanced capital and their money abroad for investment."**

#### Captain Moran.

**NEW YORK, Dec. 26.—Col. Daniel S. Lamont, President Coward's private secretary, called at the Murray Hill hotel and spent some time in consultation with Governor Hill. The latter returned to Albany in the afternoon. Col. S. L. Lamont, 60 cents; Mrs. Wool House, 10 cents; Ladies' Wigs, 25 cents; Five-button Kid Gloves, 95 cents.**

**Philadelphia, Dec. 26.—Both Harry Wright and Al Beach of the Philadelphia Base Ball club, deny the story published that the Philadelphians have sold the services of Danbury to the St. Louis club, partly for his services as manager, and positively refused to sign with the St. Louis club, there is no likelihood of his playing in Philadelphia. Manager Schum has gone to Providence, where he expects to sign Danny and Carroll, and will probably be a member of the Boston club.**

**He is understood that while here Governor Hill was engaged in completing his staff, among the names mentioned are George C. Tamm, of New York; John J. Henry, Hilton, Jr.; John Gouverneur, of Syracuse, and Amor Hinckson, of Albany, as aid-de-camp.**

#### Accepted.

**BOSTON, Dec. 26.—The following gentleman have accepted the invitation to attend the Boston meeting of the Knights of Labor, on Saturday, and will address the gathering: Messrs. Morgan, of Alabama; Vories, of Indiana; Edmunds, of Vermont, Evans, of New York; Allison, of Iowa; Speaker Carlin, of Cincinnati; Wilberforce, of Texas; Albert A. Wells, of Kentucky; John D. Randal, William McKinley, of Ohio; Thomas J. Reed, of Maine.**

**An Artist Yielded to Temptation.**

**PITTSBURGH, Dec. 26.—The new collector of internal revenue, Frederick Gorick, who helped along an old friend, gave an order for his portrait to Harry Victor, of Washington. The work was delivered and was pronounced a "beauty." The collector, however, gave the artist an order for \$60 in cash, mistaking the name of the man, gave the man \$60. For accepting the overplus Victor was paid in \$600 mail for trial.**

### BIG OIL DEAL.

**New Member of the Oil City Exchange Creates Great Excitement.**

**Oil City, Pa., Dec. 26.—Frank Calfee, son of the well-known oil dealer, Calfee, started the news by buying in round numbers three-quarters of a million barrels of oil before he was headed off by a demand for margin. He quickly satisfied the demands of his creditors, and then turned his back on the dealers by calling margins on them. Business was suspended temporarily in the outside exchanges as well as here for the result of the call for margin.**

**Not until the next day was it known that Mr. Moses Bradshaw, the private secretary of ex-Representative Robeson, of New Jersey, who was private secretary of Judge Graham, who was postmaster general, intended, it is said to renew the fight against Third Assistant Postmaster General Hazen, who he began when he was in the department.**

**Mr. Bradshaw was appointed chief of the stamp division, when Mr. Graham was removed by Judge Graham, because a member of the committee that counted the defective sheets of postage stamps sent to the department or distribution, stole a quantity of them, and Bradshaw, as postmaster of Washington, had to make up the loss.**

**Judge Graham held that Mr. Bradshaw was negligent in his duty, in consequence of which the stamps were stolen.**

**It was thought Bradshaw and Mr. Bradshaw were removed.**

**A few months afterward, while Mr. Hatton was postmaster general, Mr. Bradshaw was removed on the ground that he withheld a report from the knowledge of the postmaster general. Bradshaw did not have the charge at the time, and maintained that his removal was due to Third Assistant Postmaster General Hazen, who, he said, was afraid of the information which Bradshaw had in his power.**

#### Lobes and Catherine.

**New Haven, Dec. 26.—Bishop McMahon, of this Catholic diocese, was interviewed in Hartford to learn the secret and rapidly growing organization known as the Knights of Labor comes under the ban of the Roman Catholic church.**

**He said that the Knights of Labor, who did not consider the church was the best for them to discuss in the newspapers but he advised, it had he any fault to find with the organization he would have condemned it from the pulpit every Sunday in the course of his sermon.**

**He did not know that the members of the Knights of Labor took an oath.**

**Churches in this section say that herself their church will be more liberal toward secret societies because, by the recent decree**

**of the pope, it is now permissible for society members hereafter to be considered separately before it is contended by any Catholic priest.**

#### Broke His Neck while on a Spree.

**CHAMBERSBURG, Pa., Dec. 26.—James Nelson, a companion became intoxicated, and on their way home fell into a stream, and was allowed to strip, naked, to the snow by Butler's 11 o'clock. Nolan, companion, fell in the snow and Nolan called Butler to his assistance. H. then went back to Butler's house, where he found that Butler had been followed, witnessed the assault and entered the house, ejected Nolan. Nolan broke open the door and entered, but was thrown out. He tried to get in again, but was again thrown out. He then went to the door and kicked him violently. He fell up to the door-step, and when Butler, alarmed at his quidness, examined him, he found his neck broken. Nolan leaves a large family. Butler is in jail.**

#### Captain Moran.

**NEW YORK, Dec. 26.—Captain Phelan, of Kansas City, the son of Danovan Ross, a prominent banker, was shot through the head, causing instant terror to the hearts of the dymatists. He kept very quiet, however, and was with some difficulty treated by a surgeon who found the captain in a private room, where he was lying on a sofa, and had been on private business only."**

**"I have no desire not to have to do any conflict with anybody. I am for the freedom of Ireland, but only in the way of a revolution. I am a Radical, but not a Forty-eighter," or one of those that came to leave Germany on account of being connected with the revolution of 1848. **CHICAGO, Dec. 26.—The playing off of the second half for the championship billiards of the world commenced between the Parisian, Vignaux, and Schaefer, the New Yorker. The action began in Match Hall was light, because of the widespread impression that this match was a "bipartite." In billiard circles it is asserted that this could not possibly be the case, because of the well known advantages of Vignaux over Schaefer.**

### GILLIN WON THE MATCH.

**Interesting Contest Between a Straight Knob Oyster Opener and a "Scissors."**

**Two contestants, two oysters, and two spectators who went to turn hall last night saw a forest scene on the stage. About the trees were baskets filled with oysters, which were to be opened by Joe Gillin, of Capt. Fraiser's crew, and the champion "straight knob" opener, and Billie Barron, of Capt. Ellsworth's crew.**

**The terms of the match were that Barrett should open 2,500 oysters while Gillin was stripping 2,330. These are considered big odds, but a "scissors," who uses hammer and knife, can strip oysters much faster than a straight knob, and vice versa.**

**The oysters used in the match were "ounds," the easiest kind to open, and they had all been picked over so as to secure those with the fewest shells.**

## FROM OVER THE SEAS.

MR. EAGAN'S MANIFESTO GOES HOME TO THE HEART.

Ireland's Cause in the Hands of Mr. Parnell is Rubbing Her Way into the Quick of Naughty England — The Balkans—Greece's Demands.

LONDON, Dec. 27.—A representative has sailed to the Boston Globe as follows: "The truculent manifesto issued by President Egan, of the Irish National League of America, which has been called you, was likely to cause ill-feeling, is followed now by an editorial in the London Times to the effect that perhaps the best thing to do with Ireland would be to let the country under martial law, and then let the Nationalists have the British government."

Starting as this proposition seems, there is not a shadow of doubt that the irritation of the English people at the apparently dictatorial attitude assumed by the Irish party is almost sufficient to support such a bold proposal. The English people, however, with the prevailing feeling in England allow themselves to suppose that the time has come when any party, Liberal or Conservative, can maintain supremacy of its majority upon a trial vote.

An Englishman is an Englishman and a party man soon, when Ireland is concerned at least, and Mr. Gladstone will hardly be able to present his Wrig friends from his Conservative opponents reinforcement at the idea of bowing to Parliament demands.

It is now believed that the January congress of the powers to settle the Balkan question will be held in Vienna, and that a meeting in December to Prince Bismarck's expressed wish. It is supposed that the chancery desire to withdraw the conference from the influences that would inevitably surround it at the Austrian court in favor of the anti-Habsburg party.

Greece has issued another note to the powers, demanding a recitation to her frontier, and reciting that Turkey has never given her what the treaty of Berlin promised. An Englishman upon a trial vote.

Greece will probably call for a congress at Brest next month, and this still further complicate the labors of the ambassadors.

Little attention is paid to politics in the streets of the Balkan states. The temporary holiday rejoicings and festivities are in full swing, and everything else is for the moment laid aside. The theaters are doing an excellent business, especially the holiday pantomimes.

### India.

CALCUTTA, Dec. 26.—Dispatches from Mandalay state that Tigray Khan, the prime minister of Burma, has been dismissed from the British service in consequence of his complicity in the murder of eleven European employees of the Bombay and Burmese trading company. The rebels had treacherously detained the troops of Maha's country, marching on the bank of the Irrawaddy river, was attacked by a band of Dacoits near Ava, a few miles south of Mandalay, and compelled to retreat. Envoys have been sent from Mandalay to punish the marauders.

## Neuralgia

CAN BE CURED WITHOUT THE USE OF OPIUM OR MORPHINE!

The Medical Press, published at St. Louis, says in the June, 1884, issue: "Many have become victims to the use of opium or morphine, from the first taste of it, and the patient has no control over the drug after once taking it." It is gratifying to observe that such dangerous consequences may be averted by the use of Morphine, which is substituted for a specific in the acute form of Neuralgia."

"Used regularly in cases of Neuralgia of 12 to 18 months standing, which had resisted all treatment. I find six doses a day will cure the patient, and the drug will be entirely removed from the system."

E. L. HOWE, M. D., Gentryville, Mo.

"Give your patient our express directions. It is most important that he take the medicine faithfully."

I consider Morphine the best preparation for Neuralgia I have ever tried."
